

# WEBINAR SERIES INVITATION

**You are invited to participate in a series of webinars to inform and prepare those interested in or attending the Codex Committee on Nutrition and Foods for Special Dietary Uses (CCNFSDU) meeting in Berlin from the 26<sup>th</sup> to the 30<sup>th</sup> November 2018.**

On the agenda of the meeting, is the **revision of the Codex Standard on Follow-up Formula (CX 156-1987)** and this is an important opportunity for country governments to reiterate their commitment to breastfeeding—a practice that has the potential to save the lives of over 800,000 young children every year.

It is critical that countries attend the meeting or at the very least submit a conference room document giving their stated opinion. These webinars will set the context for the issues being addressed (Webinar 1), give the evidence for the necessary actions (Webinar 2) and provide basic information on how Codex works in order to assist delegations attending the meeting (Webinar 3).

**WEBINAR 1: Why breastfeeding still matters after 1 year of life.**

**Larry Grummer-Strawn (WHO)**

This webinar is now available to listen to in your own time. [CLICK HERE to listen](#) (Approximately 40 min)

**WEBINAR 2: Putting public health before profit: What Codex needs to do.**

**Jane Badham (Consultant to Helen Keller International)**

31<sup>st</sup> October: 14h00 Central African Time (CAT)

1<sup>st</sup> November: 15h00 Indochina (Bangkok) time
