Why Global Technical Assistance Mechanism for Nutrition?

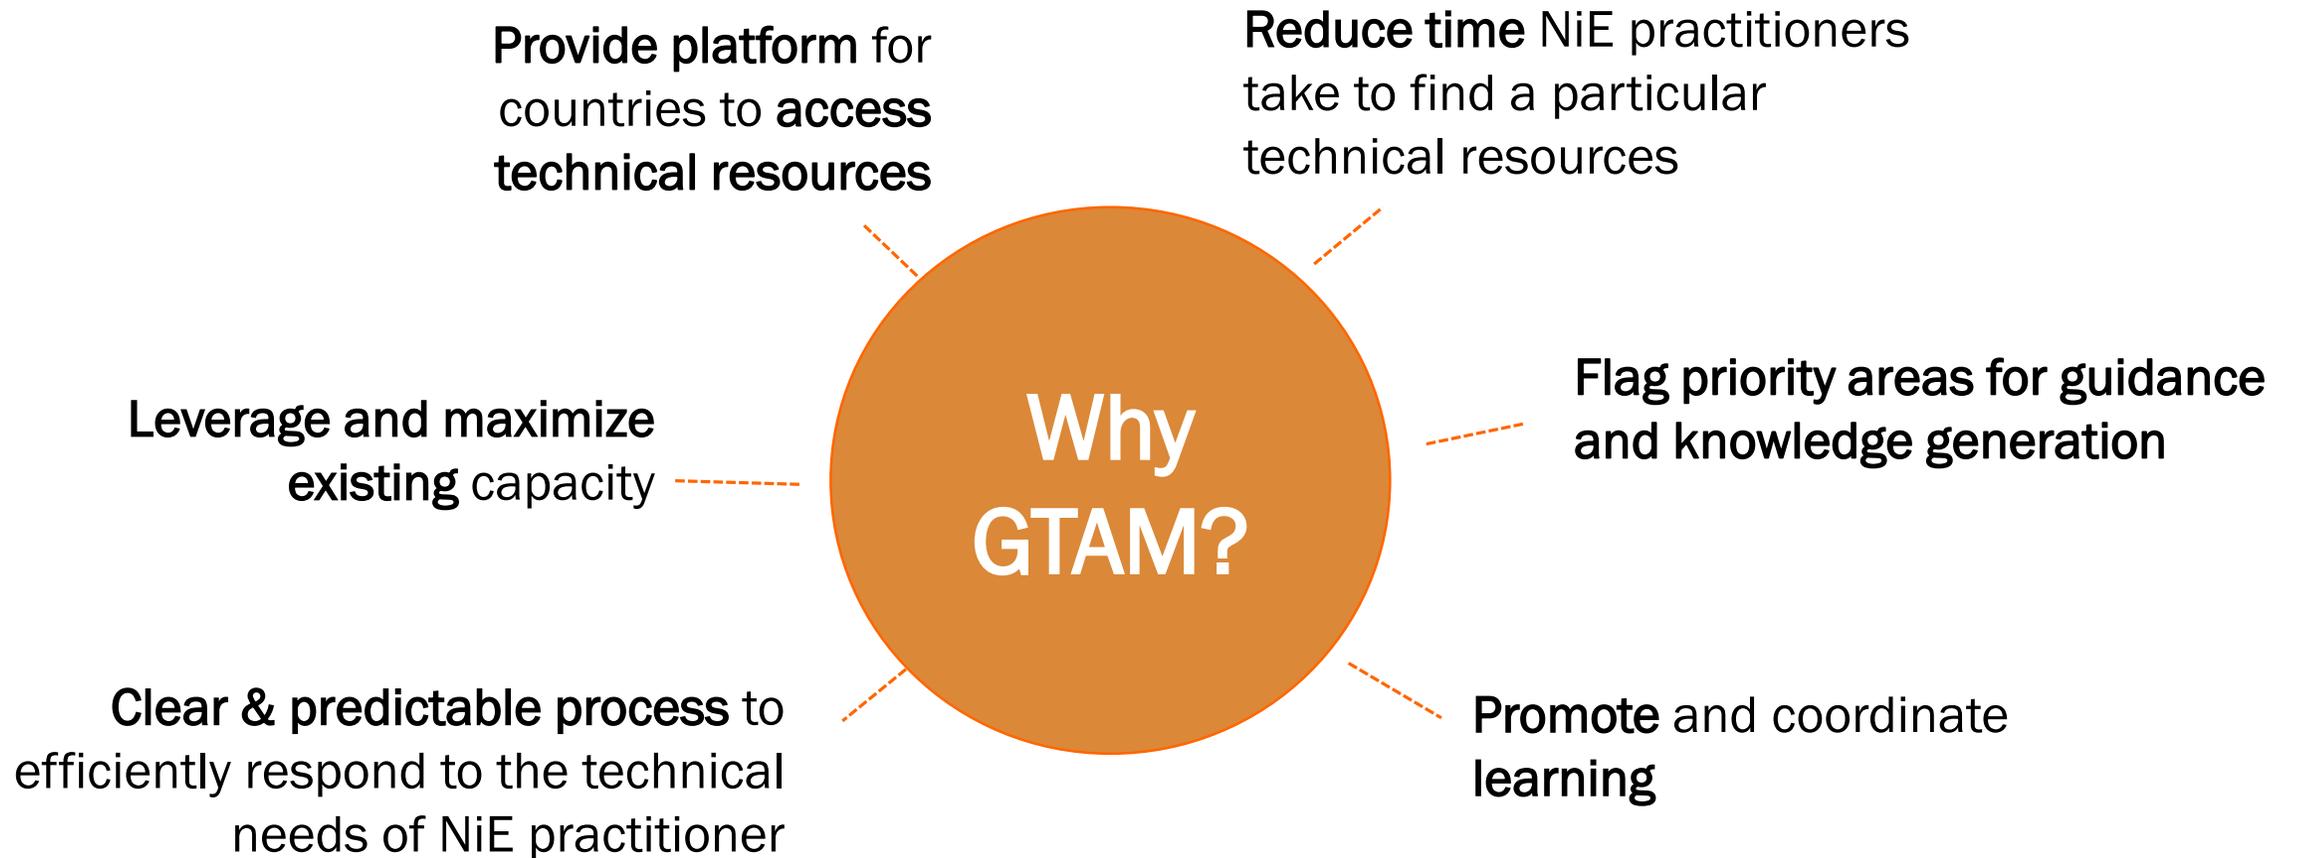

Brief History on the GTAM

Process

Why GTAM?

What is the Global Technical Assistance Mechanism for Nutrition?

A common global approach that provides systematic, timely and coordinated nutrition technical support to countries in emergencies,

1

Technical advice

- Providing feedback to questions within a short timeframe
- Where relevant normative guidance exists

2

Consensus driven guidance

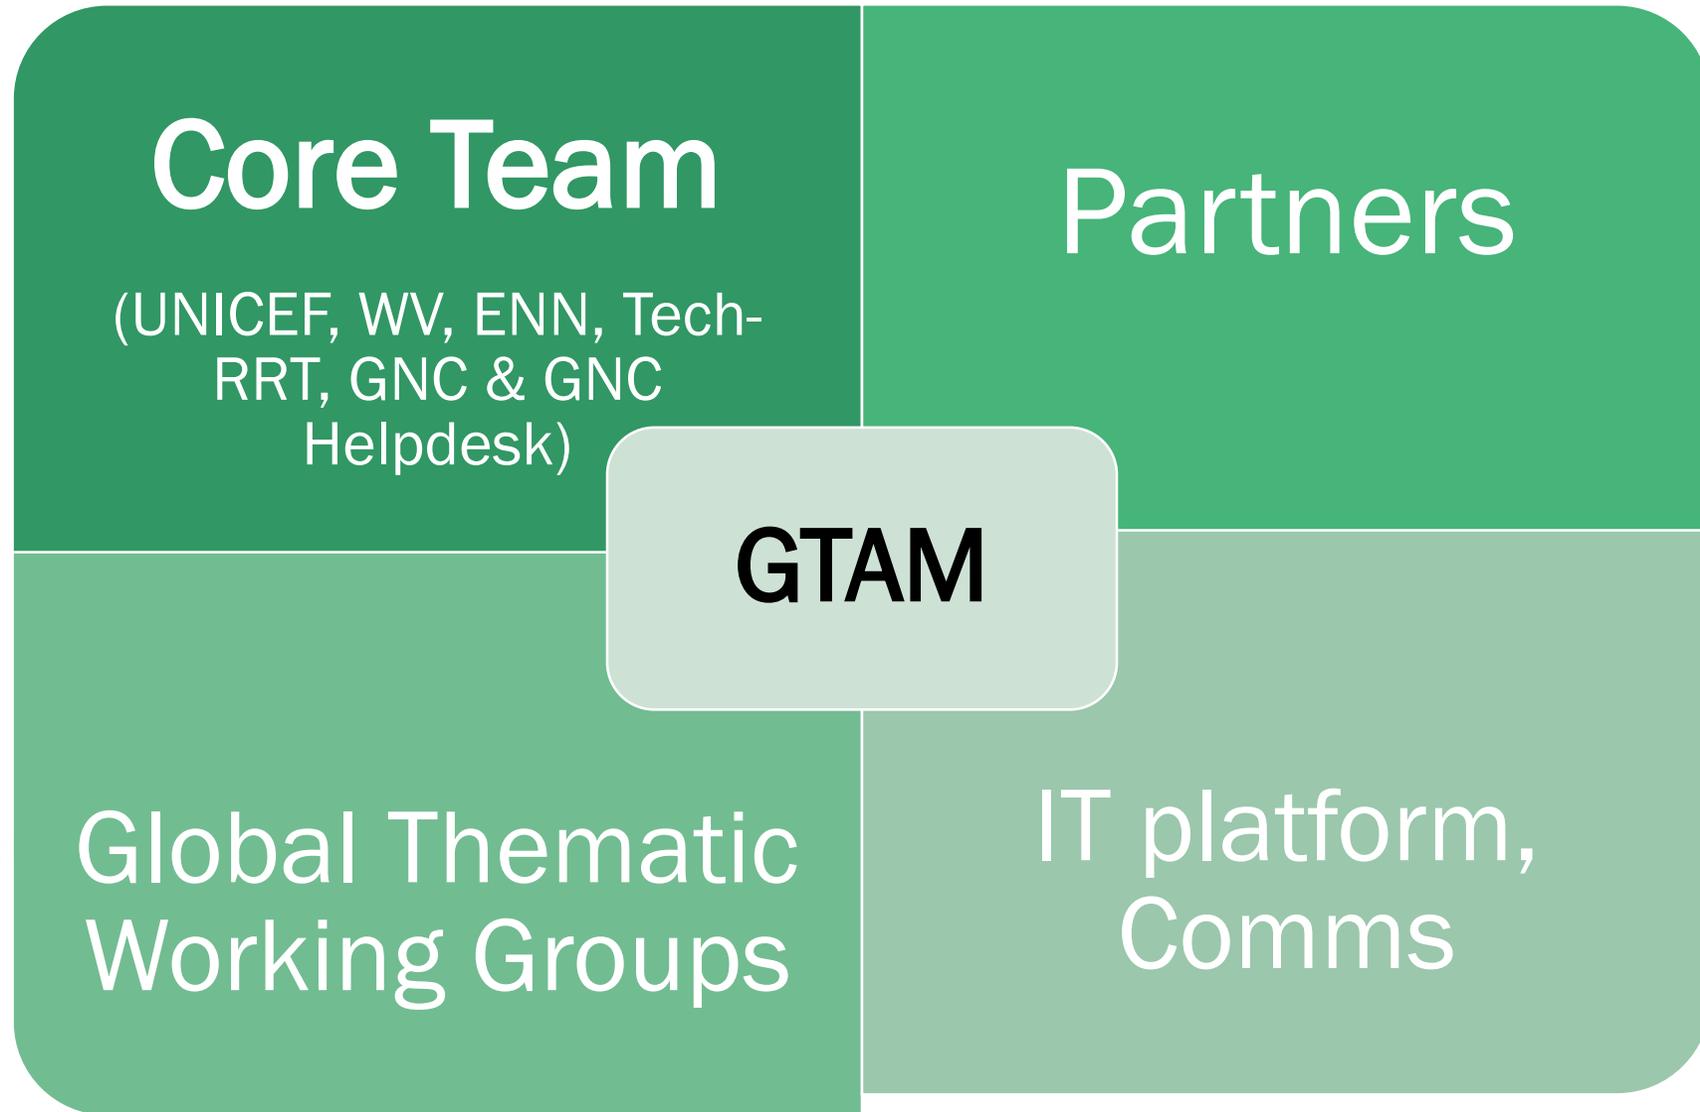

- Identifying urgent needs for interim operational guidance
 - Facilitate process of guidance development

3

Technical expertise

- Support provision of specific technical expertise
 - May be in the form of deployment of experts, remote support or capacity building

GTAM Composition

Building GTAM, what is the progress?

Baseline Survey and Knowledge Products

We know the priority technical needs

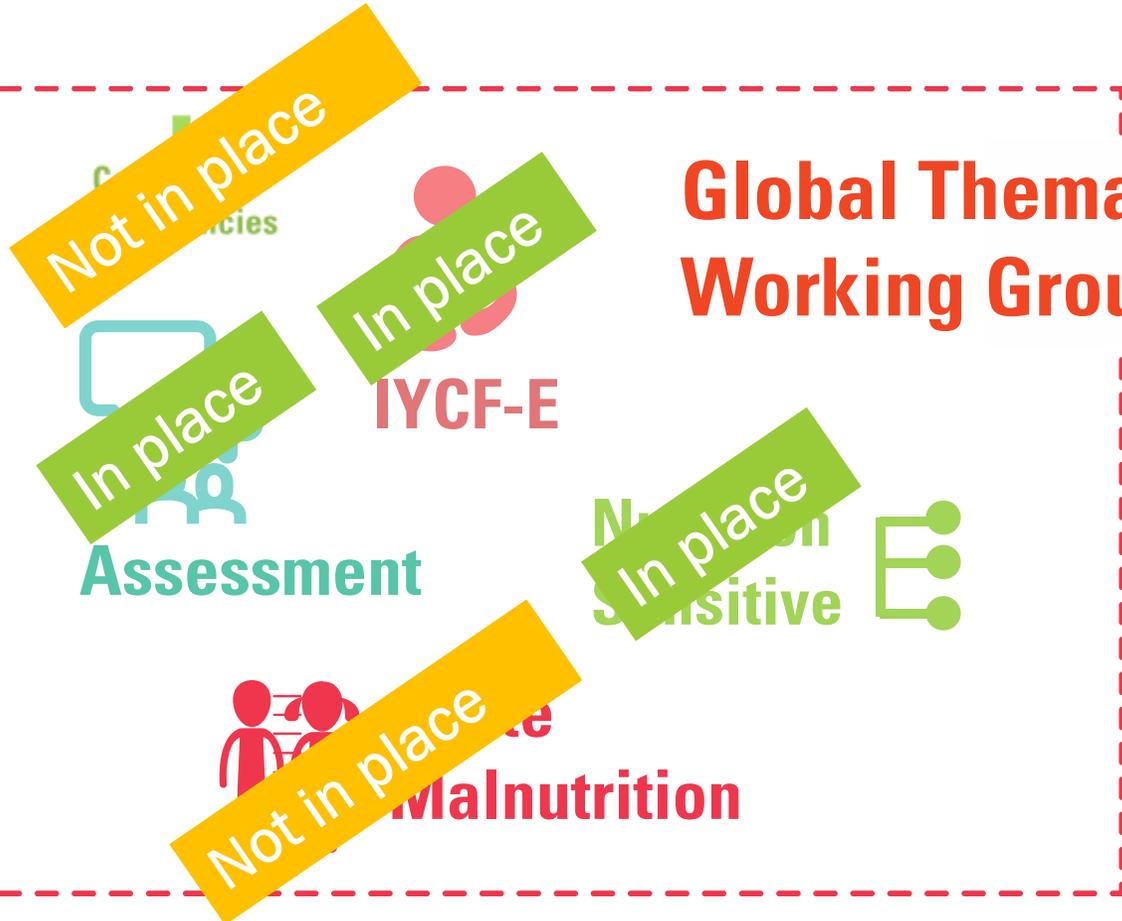

- IYCF- E
- Assessments
- SAM and MAM
- Cash

We have some knowledge products

- FEX Article on History of GTAM
- Fex Article on TECH-RRT review of EN-NET
- Monitoring Plan

Engaging Global Thematic Working Groups

Global Thematic Working Groups

Why GTWGs?

- Support technical advice and consensus driven guidance in their respective technical area & flag for permanent guidance
- Contribute to filling specialized technical expertise needs
- Share updates with GTAM and GNC partners on their lessons/ gaps in meeting country needs
- Collaborate with GTAM in promoting & implementing inter- country/region/partner learning

**We can do more,
with more
resources**

Resource Needs for 2 years

Challenges

GTAM Challenges

- Learning as we go - adaptation and adjustments
- High workload for the GTAM Core team
- Contractual issues (IT, communication firm)

Way forward

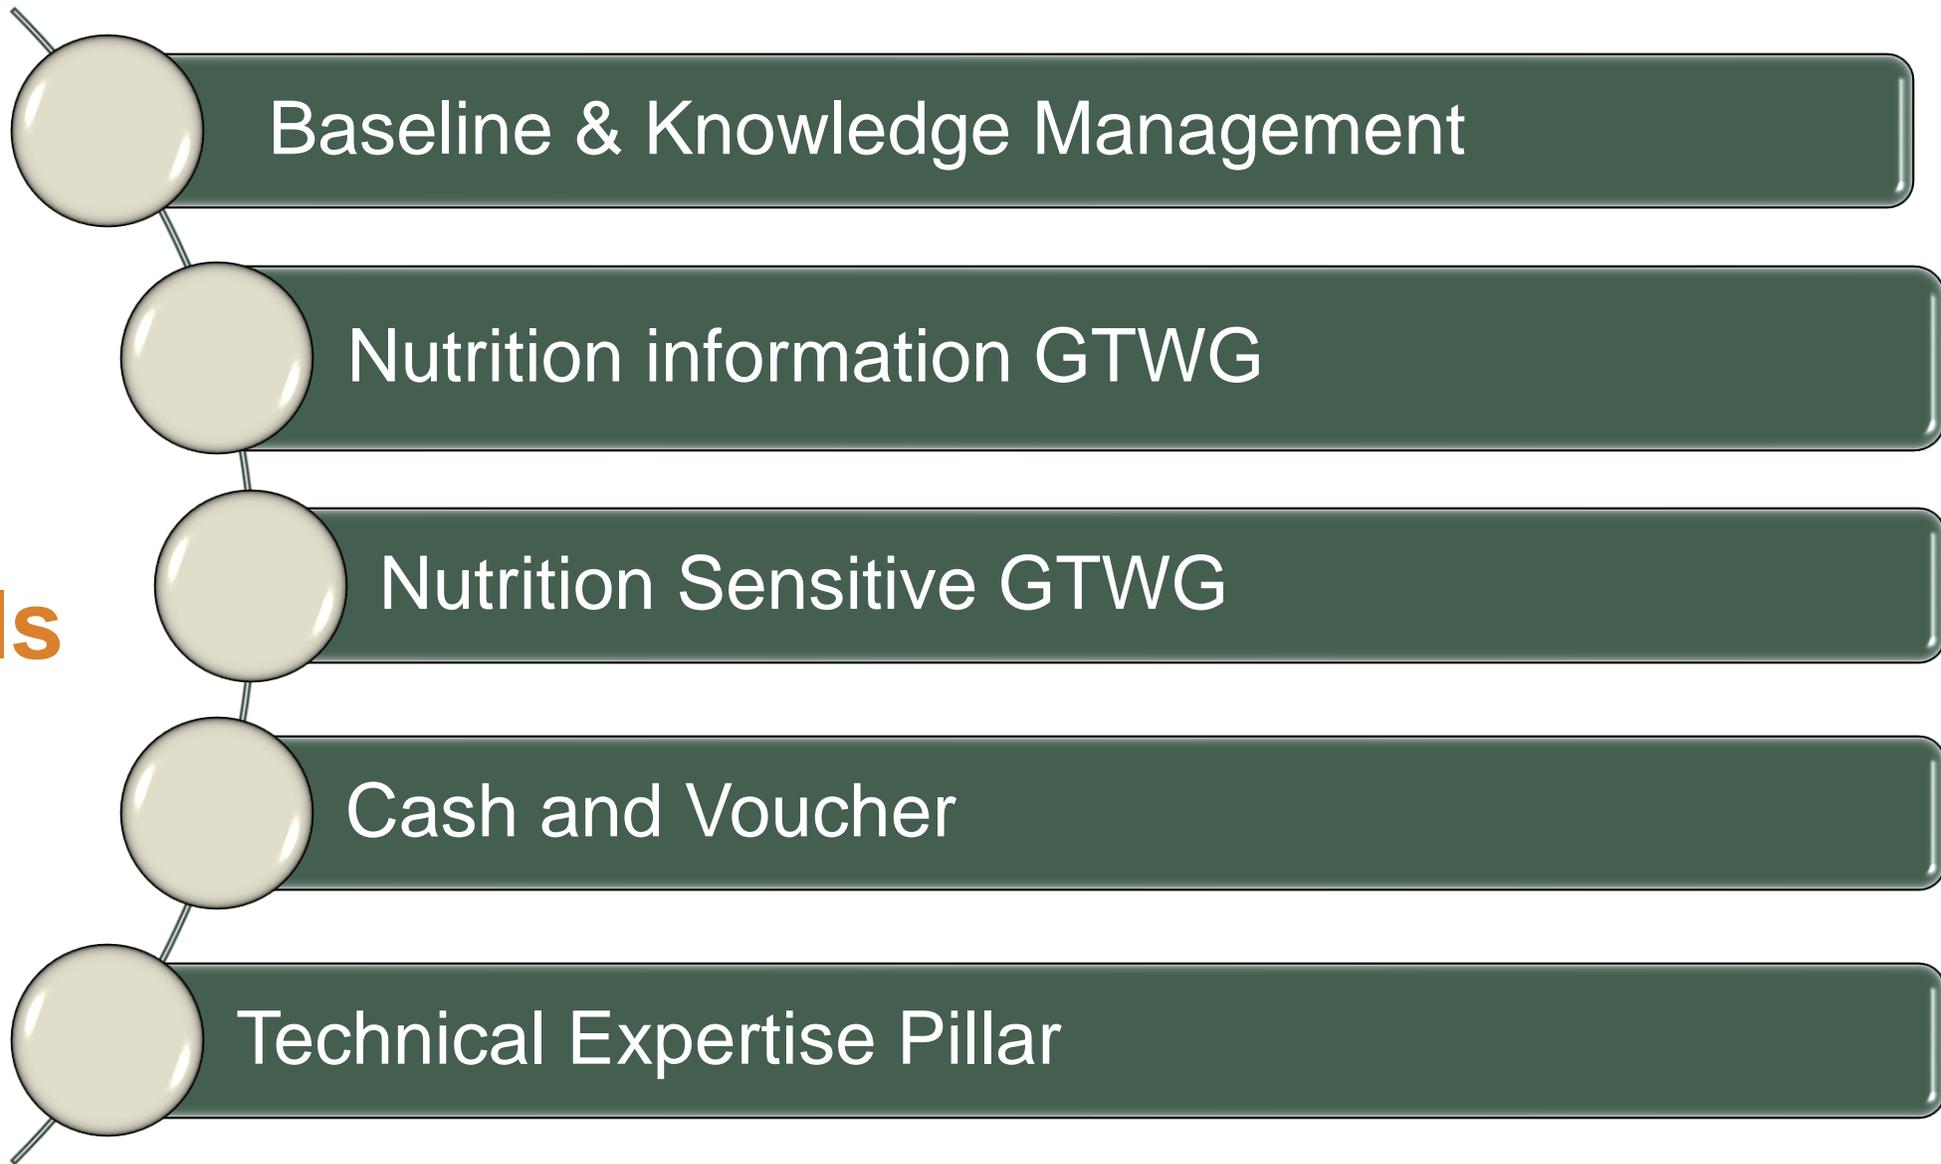

GTAM way forward

- Launch of IT system
- TEP Pillar SoP and CN finalised after GNC meeting
- Baseline and Monitoring Framework
- Continuous engagement with GTWGs
- Fundraising for emerging issues

**More
Details**

GTAM Team

- UNICEF – Ruth Situma
- World Vision – Juliane Gross & Colleen Emary
- GNC – Josephine Ippe & Anna Ziolkovska
- GNC Helpdesk – Yara Sfeir
- Tech-RRT – Andi Kendle
- ENN – Tanya Khara & Isabelle Modigell

Thank you!

GTAM Q&A

Groupwork and Panel

Objectives

- 1) To answer your most common questions about the functionality of the GTAM
- 2) To stimulate discussion and hear different perspectives
- 3) To generate Frequently Asked Questions for the GTAM Website

Instructions

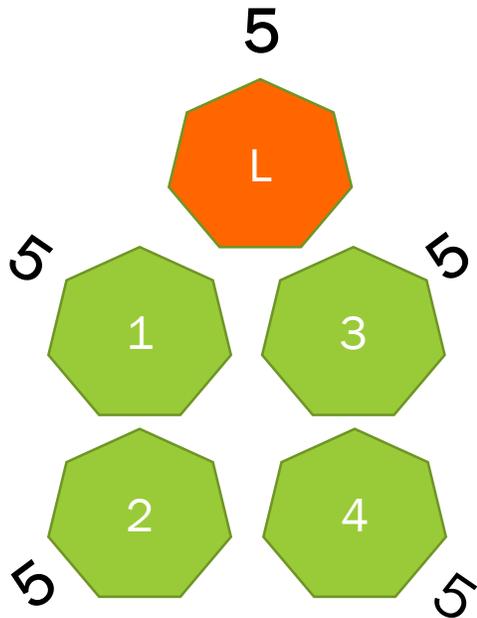

1. Individual: Write up to 5 questions you have about the GTAM (1 question per post-it)
2. In groups of 5: Select the top 5 questions (1 question per post-it)
3. In groups of 4: Select the top 5 burning questions (1 question per CARD)
