Cross-cutting themes workstreams

There are 6 established workstreams looking at cross-cutting themes
- Anti-racism and Localization (A&L); Gender & GBV; Disability; Humanitarian Development Nexus (HDN); Accountability to affected populations (AAP) and Climate Change

Some key achievement this quarter include:
- *Gender and GBV*: First gender and nutrition in-country support developed and ToR finalized. Support began in late March in Ethiopia. A joint mission with UNICEF GBViE team planned for next quarter.
- *AAP*: Poster featured at GNC annual meeting.
- *A&L*: GNC Annual Meeting A&L Side Event presentation and poster, conclusion of the localisation consultancy with Partnership Brokers Association and NutritionWorks.
- *HDPN*: poster featured at GNC annual meeting, collation of feedback from outreach survey on priorities for the workstream
- *Disability*: developed of workplan, and provided support to a request submitted to the Alliance
- *Climate Change*: poster featured at the GNC annual meeting

Webinars & Knowledge Management

Webinars:

- One webinar was held this quarter with the Simplified Approaches Working Group on the topic of *Introducing Global Training Toolkit on Simplified Approaches for the Detection and Treatment of Child Wasting; Chapter 1: Family MUAC.*

- 523 participants attended, 54% were from local NGOs or national governments.

Learning Needs & Products

- This quarter work continued on several learning pieces:
  - A signposting document on IMAM/CMAM resources
  - A learning brief on the harmonization of CVA approaches in Nigeria
  - Ukraine IYCF support learning piece
- Three case studies were published this quarter highlighting learning from Alliance supported work in Myanmar, Somalia, and Uganda

Advice | Guidance | Expertise | Learning

Thought Leadership Updates

- 5 Global thematic working groups with 217 members ran in Q1 – IFE core group, Wasting GTWG, NiS GTWG, CVA GTWG, and MAMI GTWG, along with 2 Taskforces: Maternal Nutrition and Ebola

- [Guidance on chemical, biological, radiological and nuclear (CBRN) threats](#) was finalized during this quarter

- Three requests were escalated to GTWGs for support
  - Translation of key resources for Turkie/Syria earthquake response, and provision of background IFE guidance in the context of an earthquake
  - CVA support to scale up CVA for nutrition outcomes in Myanmar
  - Cholera messaging was refined by the IFE CG in response to a question posed to the group. Existing guidance is available, but was noted to be confusing and required contextualization
