

## Partners Available for Capacity Strengthening Opportunities for Local and National Actors

The GNC has been conducting a **Focus Country Project** to strengthen both the institutional and NiE technical capacity of local and national actors (LNAs) in **Mali, Somalia, and Sudan** as well as contribute to our learning about how to better support LNAs.

Working with **organizational capacity strengthening partners** with expertise in each region

If you would like to provide targeted and tailored institutional capacity strengthening opportunities for LNAs in your context we can support by:

- **linking you with these capacity strengthening partners**
- **facilitating administrative/contracting arrangements.**

This can be done in a multitude of ways with varying topics, adapted to your needs and budgets.
